# 42: THE PEER-LEARNING SCHOOL

- **Passion for IT and code**
- **Only machine room & high bandwidth Internet access**
- **No lecture, no teacher, 100% project-based & work group**
- **Positive feedback : Peer-correcting**

# 42: designed to answer 3 issues

## *-Lack of IT developers*

- France 5th world economy, only 20th in the IT economy
- Companies job offers

## *- Unique public model*

- Public education system only address  $\frac{2}{3}$  of children (high school degree)
- Only one path to excellence (and not career)
- But children are different and other models exist

## *-Education & society out of sync*

- Society of knowledge
- High IT integration
- Less individualism
